Biography: Provide a brief biography of this hound. Limit 250 words. Biography written by: Mariellen Dentino

Eleanor's 1/2 brother Trevor went to the IWCA National in 1995 to earn his CD and ended up winning BOB ASFA Trial. At home Trev was the caser of game but his 1/2 sister Ellie was the finisher. She went to her first trial in June 1995 and never looked back. She was agile, she was fast, she was relentless. She was very smart and understood what she was doing – after the bag stopped she was not a girl to attack it – but when it was moving she never stopped. Ellie was blessed with wonderful stamina – she could pre-cert, run her courses, a run-off and breed which is rare for a wolfhound. Ellie was blessed with wonderful competition. We ran in an era of wonderfully competitive hounds. Finn, Claire, Hope, Sorcha, Trevor & Monty Ellie was held back by an owner who could hardly ever get her to 2 days of running, who never took her to an II due to work restraints. Ellie had such heart – What wolfhound is still running at 10+ years. With limited running she earned 45 BOB's. She'll never quit.. never ever

Cayman was my first SPDR(Seattle Purebred Dog Rescue) rescued Whippet. I got her at 7 weeks old from the Kind County Shelter. The shelter called me to say they had a whippet puppy. The "breeders" had left her there. The sire of the litter had bit her in the head, fracturing her skull and puncturing her sinuses. We almost lost her. But with the help of the shelter staff and my vet, she made it. To this day she still has a little dent in her head where her skull was broken. Of course, the intention was to foster her and then place her in her forever home. I failed, she stayed with us. And so I named her "Cayman Island Rescue" and got her AKC ILP# and her CKC PAL#, so she could come along with the other whippets and do some lure coursing, if she got big enough (she was so small). Well, she did barely get big enough (22.5 lbs & 18.5") and we took her along coursing. She was the #1 Whippet for WWWW (Western Washington Whippet Association) 5 years in a row, in the top 20 ASFA and is the #1 all time rescue dog with an ILP# in ASFA with a LCM7!! She placed both times she attended the II (2nd & 4th) She competed for 9 years. Placing in 124 of the 149 trials she ran in. Ending up with a total of 2,337 points and 903 Bowen points. She's a pistol and we love our little Cayman dearly. We know her sire belonged to a couple who brought him over from Russia and her dam was rumored to be from Canada and that's all we know of her pedigree. What we do know is that she has spiced up our lives here at Jammin' Whippet for close to 16 years and we just love her.

Biography: Provide a brief biography of this hound. Limit 250 words. Biography written by: Cindy Van Vliet, edited by Bob Marciszewski

Wynona was the unintended whippet. I had recently lost my greyhound and Jack McManus had a litter of whippets at a Labor Day trial. Little did I know how my life would change when my husband and daughter encouraged me to bring this puppy home. After an unbelievable first coursing practice run at 9 months, I was instructed by Camille Mendicino to "put her away". Wynonna was a small bitch, but very agile and fast. At the DASH trial on July 4, 1997 the little firecracker exploded on the scene, going BoB in her first trial. While small in stature, she was large in enthusiasm and voice, never voluntarily leaving a lure. Wynona ran competitively until she was twelve years old. Along the way she completed her ASFA LCM 4, ASFA Veteran-LCM, AKC Field Champion, and AKC Master Courser. Wynonna continues to contribute to lure coursing through her progeny. Her 5 running children and 10 grandchildren have compiled a combined total of 100 coursing titles (15 ASFA FChs, 46 LCMs, 3 V-FCh and 6 V-LCMs, 12 AKC FCs, 13 AKC SCs, 4 AKC MCs and 1 AKC LCX). For the years 2006 through 2014, with a total of 7,079 competing, her offspring garnered 24 of the 180 possible Top 20 placements (13.3%). This includes two #1 placements (2008 and 2014), six #2 placements and four #3 placements. To the chagrin of many huntmasters and lure operators, Wynona's crocodile passion for plastic has also been passed along to her offspring.

Biography: Provide a brief biography of this hound. Limit 250 words. Biography written by: Pamela Mayberry

Scarlett was a happy outgoing dog that loved to run. She never met a stranger, would greet anyone with a borzoi "shoulder hug" and borzoi nose kisses. From her very first trial she loved the game, loved to travel, loved nothing more than get in the van and go to parts unknown, to do what she loved most, chase that silly plastic bag. She won Best of Breed at the largest ever Borzoi Club of America lure trial (Centennial, 84 dogs entered 2004); finished her AKC Field Championship in 3 trials undefeated with 3 5-point majors, 3 Best in Fields (and still wears her JC with pride!). Best of Breed at the ASFA International Invitation 2004 & 2005

Can Ch Elana CsCs, Can Fd Ch X, LCM 6 August, 1978 – August, 1991

CsCs, born in August of 1978, became a legend in the lure coursing world from the time of his first trial until well into the mid-80's. With 694 dogs defeated in the US, CsCs garnered 59 Best of Breeds and 19 Best in Fields during his coursing career in the states alone. Only two greyhounds have to this day exceeded and one whippet tied CsCs' record number of BIF's in ASFA Field Trials. To date, no other saluki has earned as many Best in Field placements as CsCs.

In 1980 alone, CsCs won the Colorado Grand National, the Kenmar Knoll Lure Challenge Trophy, the Bandit Grand Prix Challenge Cup, the Circle Cup, and the Katahdin Challenge Cup for Salukis. He continued dominating the lure coursing field in salukis, sometimes sharing the spotlight with his kennel mate, Hillerica Orlando, "Lando", through 1983 winning Best of Breeds and Best in Fields at ASFA trials and ASFA regional trials. CsCs continued to course well into 1985.

Also successful in Canada, CsCs, in 10 trials during 1980, won BOB in all 10 trials and took BIF in 6 of the 10 trials.

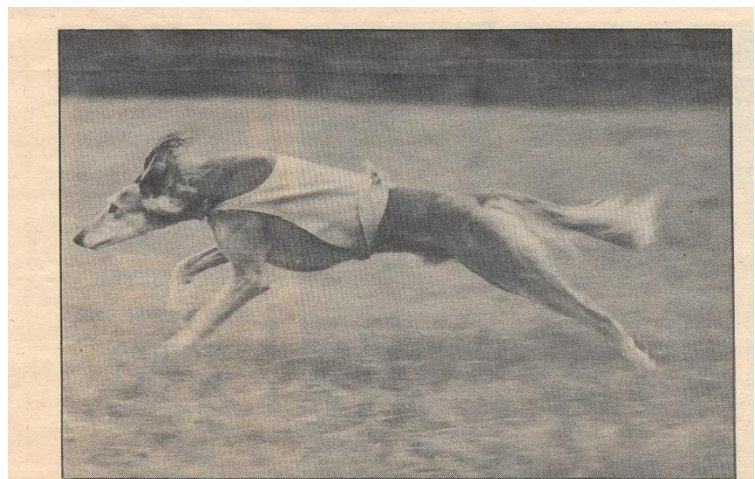

CsCs was a very special saluki with not only the drive to course, both lure and on live game, he had a fabulous temperament with other dogs and he loved people. CsCs had none of the normal saluki aloofness, he was truly a 'golden' in saluki clothing! A beautiful black fringed red, he was given to us in the age old Arabic tradition by his breeder, Nell Hyde. CsCs lived the majority of his life in Vermont with Tom and Trina Bianchi and died in August of 1991.

One of the contestants in the Lure Field Event to be held this weekend in the Trapp Meadows.

Trapps' to hold Lure Field Trials

Come watch sighthounds race in the Trapp Family Meadow Memorial Day weekend, May

23-25. Hounds run in groups of two or three, instinctively chasing lures made of white plastic strips

tied to strings run on pulleys in a 600 to 1000 yard zig-zag course. Judges score them on speed, en-

thusiasm, follow, agility, and endurance. Lure coursing is a family sport and the hounds are pets.

Some of the breeds you're likely to see are Afghan Hounds, Borzois, Irish Wolfhounds, Salukis, Scottish Deerhounds, Greyhounds, and Whippets. Hounds will be running mid-morning through mid-afternoon.
