**Biography:** Provide a brief biography of this hound. Limit 250 words. Biography written by: Daphane Lowe

How can you describe something that is very SPECIAL, which Khaslah certainly was? She simply loved to lure course and knew it was a game which she played it that way sometimes. We travelled practically all over the country and ran with a lot of very good dogs and met a lot of nice new people during our travels.

During her career she earned her LCM 7, won 66 Best of Breeds, 11 Best in Fields, won the 2001 Grand National Best in Field and which I in particular regard as a very prestigious win the II Gillette stake. Another impressive win a Best in Field from the Veteran stake. She also could not have accomplished all of this without her brother, Khataaraan and sister, Khayaal, together they proved to be an impressive team. She never failed to impress me.

One thing I remember she would get very mad and determined if the lure did not go the way she thought it would and on her second run, if there was one, you could literally see the determination in her eyes. Sometimes she would get the lure at the finish and pull it as hard as she could, I felt if she let it go she was aiming it at me. Fortunately there were only near misses.

Pete and I are deeply honored that she is nominated as a candidate for the ASAF Hall of Fame. Thank you.
