

REQUESTING YOUR HOUND'S RECORDS

I told you I'd provide you instructions on getting your hound's records from the ASFA website. This is a little tutorial I did for some friends. Please don't be offended if it is too simple. 😊

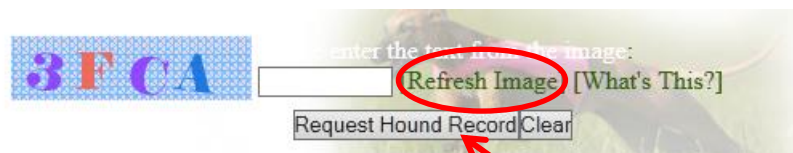

1. Go to www.asfa.org
2. In the tool bar, select **Tools**, and then **Hound Records**

3. When you get into Hound Records, you want to select **Current Information**

4. Scroll down to the form, and fill in your name, email, etc., as requested.
5. See that blue box with the numbers and letters in it?

6. To save you some pain and suffering, click on the **Refresh Image** before you even begin typing. I always get an error, and have to do that refresh anyway.
7. After getting the new code, type it in, and then click on **Request Hound Record!**
